## MARK ALDIERI, AIA Architect

### PROFESSIONAL EXPERIENCE

2009 to present **Robson Forensic, Inc.**  
*Associate*

Provide technical investigations, analysis, reports, and testimony towards the resolution of commercial and personal injury litigation involving premises liability, including slips, trips, and falls related to, but not limited to, retail displays, playgrounds, recreational facilities, security, elevators and escalators, and building equipment.

1999 to present **Mark Aldieri AIA, Architect**  
*Principal*

Sole proprietor providing full architectural and construction consulting services on a wide variety of building types including educational, church, office, municipal, industrial, retail, and custom residential projects. Expertise includes planning and design, historic preservation, construction administration, constructability reviews, owner's representation, and construction management.

2005 to 2006 **Marx/Okubo Associates Ltd.**  
*Senior Associate*

National real estate and construction consulting firm providing real estate investment services to owners, lenders, and institutional investors in dealing with issues related to real estate investment projects. Duties included property condition assessments, constructability reviews, owner's project representation, and loan monitoring on construction projects including condominium, apartment, retail, and office developments.

1995 to 1999 **The S/L/A/M Collaborative**  
*Construction Administrator*

Construction phase architect for a large regional architectural/engineering firm, specializing in educational and health care facility projects. Project experience included hospital OR, ER, LDRP (labor, delivery, recovery, and postpartum) projects, as well as high schools and university dormitory projects.

1992 to 1995 **Aldieri/Architects/Associates**  
*Principal*

Self employed consulting architect providing design, specification writing, and construction administration services to owners, architects, and the construction industry. Projects included retail shopping center, health clinic, and state highway bridge reconstruction.
