ANTHONY G. POLI, AIA
Architect and Safety Expert

PROFESSIONAL EXPERIENCE

2008 to present **Robson Forensic, Inc.**
Associate

Provide technical investigations, analysis, reports, and testimony towards the resolution of commercial and personal injury litigation involving code compliance issues; construction claims; construction materials failures; professional liability; and slip, trip and fall injuries. Areas of expertise include:

Facility Design: Codes, Standards and Quality Issues: roofing system design and construction; building envelope system evaluation, design and construction; construction change order analysis; existing facility valuation, construction documents evaluations.

Laboratory and Commercial Kitchen Design: planning, design and detailing of laboratory and commercial kitchen projects, including specifications for equipment and casework; coordination of necessary mechanical and electrical engineering input into lab and commercial food preparation projects; coordination of construction and installation of such facilities, evaluation and analysis of existing laboratories, commercial kitchens, and cold storage facilities.

Stadium, Concert Hall and Large Venue Design: Analysis of facilities designed for assembly, including code compliance, exiting, sight line and seating analysis, walkway and egress analysis, hazard identification.

Building Safety: Walkway and egress safety, materials and finishes, maintenance and illumination evaluations.

Preservation and Renovation: Resolution of code conflicts, unforeseen conditions in renovation, cost and change order issues.

2008 to present **Fournier, Robson & Associates, LLC**
Architect

Provide specialized architectural services for the evaluation and analysis of building envelope performance, investigations involving the preparation of Property Condition Assessments, and pre-purchase assessments.

2006 to 2008 **Civil & Environmental Consultants, Pittsburgh, PA**
Senior Project Manager, PCA Services

Responsible for the Property Condition Assessment (PCA) practice area within CEC Due Diligence offerings. Evaluated buildings and produced reports documenting building condition and code compliance. Managed multi-discipline projects as part of an indefinite delivery contract with the Pennsylvania Department of Conservation and Natural Resources.

Engineers, Architects, Scientists & Fire Investigators

ANTHONY G. POLI, AIA Architect and Safety Expert

2004 to **Anthony G. Poli, Architect**

2006 *Independent Architectural Consultant*

Maintained a diverse consulting practice, including responsibility for complete scope of work on small projects and team participation on larger efforts. Provided oversight and coordination between engineering disciplines and production consultants. Provided owner's representation and project management services for facilities under construction.

2002 to **Maguire Group Inc., Pittsburgh, PA**

2004 *Vice President, Manager of Architecture*

Maguire is a regional civil and transportation engineering firm with an architectural practice centered in New England. Designed-and-managed production on a variety of architectural projects. Supplied architectural services to the Transportation and Civil Engineering business units in Pittsburgh.

2000 to **Quad Three Group, Inc., Pittsburgh, PA**

2002 *Director, Pittsburgh Office*

Responsible for development of architectural practice in the Pittsburgh office of a multi-discipline engineering and architecture firm headquartered in northeastern Pennsylvania. Managed and directed the design and production staff, including the existing engineering team.

Performed substantial architectural design and project management duties in addition to business aspects of managing the office.

- Managed existing clients, increasing workload and adding projects with an architectural focus.
- Developed new clients, including a long-term, on-call contract with a major university, CMU.

1998 to **JSA, Pittsburgh, PA**

2000 *Director of Marketing*

Performed marketing for JSA, a 50-person architectural and engineering firm that specializes in retail work, primarily for the May Company of St. Louis. Participated in large project design and production teams for educational projects, and designed and produced smaller retail and municipal projects.

1986 to **Poli & Madigan, Poli & Cuteri Architects, Pittsburgh, PA**

1998 *Principal, Owner*

Formed my own practice in 1986, developing an expertise in interior architecture and renovations. Expanded the practice in 1990 to include a partner, eventually growing to a firm of 14 with a varied and generalized focus. Major work included comprehensive renovations to the Mon Valley Transit Authority's regional
