

Mark,

I can not begin to express my gratitude on how you managed and handled my case. You are quite the professional!!! When I began researching Forensic Document Examiners, I had no idea what to expect or what it entailed. I knew from the moment that we first spoke that there was no doubt I was going to retain your services. Your direction, honesty, attention to detail and professionalism sealed the deal. The turn around time was astounding (less than (5) days including a (3) day holiday weekend) even doctors and lawyers don't do that anymore! I will be actively recommending you to everyone I know and even those that I don't. The final product/report that you produced was so impressive that I found myself reading it over and over again in sheer delight. Mark, it was an absolute pleasure working with you and I look forward to any and all future endeavors.

My best,

*Satisfied Client*
