THE EXPERTS
Robson Forensic

REBEKAH D. PRICE, DNP, MSN, APRN, FNP-C
Nursing Expert

## PROFESSIONAL EXPERIENCE

2021 to present **Robson Forensic, Inc.**
*Associate*
Provide technical investigations, analysis, reports, and testimony as it relates to issues involving the standard of care in nursing, regulatory compliance, patient care, risk management, policy development, program operations, and training and supervision of personnel in the health care field.

Special Emphasis On:
Pain Management / Narcotic Administration / Drug Enforcement Agency (DEA) Protocols (weaning, titrating, and drug diversion guidelines)
Hospice / Palliative Care / Complex Terminal Illness Symptom Management and End of Life Protocols
Surgical Care Management (preoperative, intraoperative, postoperative phases)
Emergency Response & First Aid, CPR, Pediatric & Adult Cardiac Life Support
Mental Health / Managing Psychiatric Conditions / Suicide Prevention / Correctional Medicine
Diagnosing and prescribing medications, medication errors, and pharmacological implications
Mental Capacity and Competency Evaluation, Dementia & Cognitive Regression
Advance Medical / Medical Durable Power of Attorney (MDPOA) Directives

2025 to present **Colorado Cares, LLC**
*Founder*
- Comprehensive psychiatric evaluations & diagnostics for pediatrics, adults, and geriatrics
- Psychiatric medication & prescriptive management
- Behavioral health management for ADHD/AuDHD, ASD, Anxiety, Depression, Grief / Life Transitions, Obsessive-Compulsive Disorder, Trauma and PTSD

2024 to 2025 **SOL Mental Health, Outpatient Care**
*Nurse Practitioner/Psychiatric Clinician*
- Conduct outpatient intake screenings, physical and psychosocial evaluations, and triage assessments for children, adults, and geriatric populations
- Evaluate, diagnose, and prescribe medication for patients with commonly identified chronic psychiatric conditions (i.e., Depression, Anxiety, Eating Disorders, Drug/Alcohol/Narcotic Addiction, PTSD and Complex Traumas, Chronic Pain, ADHD, Panic Disorders, Grief, etc.)
- Coordinate and integrate multidisciplinary services for clients with complex psychiatric diagnoses and challenges
- Provide emergency psychiatric care and case management to patients in mental health crisis
- Monitor patient common health care problems and refer for specialized medical treatment as needed to educate patients and families about self-care and build patient coping skills

EXPERT NOT RETAINED

REBEKAH D. PRICE, DNP, MSN, APRN, FNP-C
Nursing Expert

2017 to 2025 **Pikes Peak Hospice/Care Synergy**
*Nurse Practitioner*

- Provides complex symptom management for chronically / terminally ill patients
- Counsels for treatment goal clarification and advanced directives / MDPOA
- Projects prognostication for terminally ill patients
- Screens for dementia decline and cognitive changes / mental capacity
- Provides complex pain management for chronically ill / terminal patients (oncology, pulmonology, cardiology, neurology, dermatology, gynecology, and urology disorders)
- Performs complex behavioral health management (depression, anxiety, bipolar disorders, eating disorders, addiction)
- Conducts palliative consults with hospital privileges at Penrose / St. Francis Hospital (inpatient rounding, critical care for actively dying, complex medication management)
- Performs hospice & palliative consults to 50+ local rehabilitation centers, assisted living facilities, nursing homes, memory care units and retirement facilities and outpatient environments all over El Paso County
- Performs complex pain and symptom management of the chronically ill / terminal patients
- Provides community education on hospice and palliative services
- Manages 125 palliative patients and helped grow the palliative program – doubled in size, funneling profit for our hospice side.
- Partners with CAPC (Center to Advance Palliative Care), assist in restructuring palliative program / electronic charting formatting / implemented new standards of practice for outpatient / inpatient / facilities / rehab care
- Assists in telemedicine safety / HIPAA compliance and privacy regulations
- Assists in developing new behavioral safety contracts and narcotic agreements between families, patients, and provider
- Provides care for patients in the Program of All-Inclusive Care for the Elderly (PACE)
- Completed level 5 training in “We Honor Veterans Program,” a program of the National Hospice and Palliative Care Organization (NHPCO) – spiritual and mental support services, staff education, and specialized care for Vietnam-era and combat veterans

2021 to 2023 **Signify Health**
*Nurse Practitioner*

- Conducts in-home annual Medicare / Medicaid health assessments
- Performs case management & social care coordination
- Completes complex medication review and reconciliation
- Complies clinical measurements and reports to supporting physicians
- Performs various diagnostic screening, fasting blood sugars, A1C, fecal occult blood sampling, clean-catch urinary diagnostics, retinal scanning and diagnostics, cognitive decline and mental capacity screening, peripheral arterial disease screening
- Identifies patient risks: unintentional weight loss, fall precautions and mobility / balance risks, repeat falls, repeat hospitalizations, complex health decline
- assess and refers to additional supportive services: grief counseling, social services, mental health supportive care, transportation services, palliative / hospice services

EXPERT NOT RETAINED

- Conducts patient performance improvement initiatives, drug administration documentation and assessment for drug adverse reactions and drug-drug interactions / complex medication management and education
- Provides social and environment support: Social Determinants of Health (SDOH) assessment and social care coordination
- Assists with minimization in gaps of care: HEDIS and STAR quality measures with home-based lab services, comprehensive medication reviews
- Assesses for holistic health needs: chronic conditions, medication adherence, social determinants, and care management support

2021 to 2022 **Colorado Cares, Inc.**
*Founder*

- Consulting for advanced directive solutions
- Assistance with Medical Orders for Scope of Treatment (MOST) Forms / Physicians Order for Life Sustaining Treatment (POLST) form discussions and decisions
- Consulting with MDPOA / PROXY discussions and decisions
- Specialized medical directive discussions

2020 to 2021 **Frontera Search Agency**
*Nurse Practitioner*

- Performs in-home veteran disability and service connection exams
- Conducts annual physical exams: fitness-for-duty, regulatory and compliance
- Performs other fit for duty/occupational health exams
- Orders and interprets / ancillary medical and laboratory testing
- Conducts radiology intervention and interpretation
- Performs sleep apnea assessment and order diagnostic interventions
- Conducts dermatologic / otolaryngology disease assessment exams
- Performs musculoskeletal injury exams
- Orders and interprets pulmonary chronic disease / pulmonary function testing / sleep apnea diagnostics
- Orders cardiovascular disease and stroke assessments / echocardiogram / EKG diagnostics
- Conducts neurologic disorders and EEG diagnostics / capacity screening
- Assesses and treats behavioral health disorders
- Performs traumatic brain injury assessments / ordered diagnostics
- Screens for suicide risk / domestic abuse risk/ intimate partner abuse risk / vulnerable adult abuse
- Concludes medical opinions and research for military service connection

EXPERT NOT RETAINED

REBEKAH D. PRICE, DNP, MSN, APRN, FNP-C
Nursing Expert

2016 to 2018 **Your Home Advantage**
*Nurse Practitioner*

- Performed in-home health assessments
- Conducted in-facility health assessments
- Provided social care coordination
- Completed active medication review / reconciliation and education
- Captured and reported clinical measurements
- Performed diagnostic screening, fasting blood sugars, A1C, fecal occult blood sampling, clean-catch urinary diagnostics, retinal scanning and diagnostics, cognitive decline, and mental capacity screening
- Identified and reported patient risks: unintentional weight loss, fall precautions and mobility / balance risks, repeat falls, repeat hospitalizations, complex health decline
- Referred to additional supportive services: grief counseling, social services, mental health supportive care, transportation services, palliative / hospice services
- Performed patient performance improvement initiatives, drug administration documentation and assessment for drug adverse reactions and drug-drug interactions / complex medication management and education

2016 **Hospice of the Carolina Foothills**
*Nurse Practitioner*

- Practiced advanced nursing care for the patient and family: assessing, planning, implementing, and evaluating care
- Provided care & consultation regarding diagnosis, treatment, and management of acute and chronic health conditions related to symptom management and quality of life issues
- Initiated case management and optimal care and resource management
- Performed complex symptom and pain management for chronically ill / terminal patients
- Consulted with goal clarification and advanced directives
- Performed prognostication for terminally ill patients
- Applied complex pain management for chronically ill / terminal patient
- Performed complex symptom and medication management, titration, and education
- Provided hospice & palliative consults to local rehabilitation centers, assisted living facilities, nursing homes, memory care units and retirement facilities all over Columbus County (NC) and Polk County (SC)
- Provided training and continuing education for staff, medical community, and community at large
- Led weekly IDG (interdisciplinary group) meetings / case conferences in collaboration with social workers, counselors, bereavement specialists, CNAs, and chaplains for holistic approach to complex terminal care synergy
- Performed palliative consults and hospital privileges at St. Luke's Medical Hospital
- Provided complex end of life medical management at HOCF Hospice House

EXPERT NOT RETAINED

REBEKAH D. PRICE, DNP, MSN, APRN, FNP-C
Nursing Expert

2011 to 2014 **HCA Regional Hospital**
*Registered Nurse*

- Performed pre-operative support (pre-anesthetic evaluation, application of a consent form for the procedure, preparation of the anesthesia plan in any type of procedure, insertion of invasive devices for hemodynamic monitoring, administration of drugs for induction and maintenance of anesthesia education, surgical prepping, family and patient education, medication reconciliation, cardiac / pulmonary preoperative clearance)
- Provided intraoperative support (surgical assistance to the surgeon and anesthesiologist, assistance with intubation insertion, scrubbing for surgery, sterile field setup, prepping sutures and special equipment, instrument / supply counts, equipment safety checking)
- Performed post-anesthesia care unit (assistance with anesthesia nerve blocks, extubation management, complex symptom management of the surgical patient, wound care, advanced cardiac and respiratory support)
- Provided nursing care within level 1 trauma center

2010 to 2011 **Assured Healthcare (Travel Nursing)**
*Registered Nurse*

- Provided care for complex case management for LTAC (Long-term Care Facilities)
- Provided care for post-anesthesia care unit (assistance with anesthesia nerve blocks, extubation management, complex symptom management of the surgical patient, wound care, advanced cardiac and respiratory support)
- Assisted in fertility and genetic clinics: in-vitro fertilization training (fertility preservation, genetic disorders, unexplained infertility, impaired sperm production, uterine fibroids, ovulation disorders, fallopian tube damage and blockage and endometriosis)

2009 to 2010 **Anderson Medical Hospital**
*Registered Nurse*

- Trained, performed, and interpreted in-hospital cardiac dysrhythmias and 12-lead EKG electrocardiogram diagnostics
- Treated patients experiencing domestic violence and sexual assault
- Triaged emergency patients based on acuity and critical assessment
- Provided physician assistance with intubations, tracheostomies, chest tubes, and central lines
- Provided complex wound care
- Assisted with trauma coordination and care
- Assisted with massive blood transfusion protocol in trauma
- Provided nursing care within level 2 trauma center
- Collaborated with various ER professionals to ensure effective patient care
- Applied expertise in prompt patient condition assessment on patient arrival at the ER during initial phases of acute illness or trauma
- Monitored ER patients, including alerting physicians or charge nurses to changes in patient status, communicating with patients and their family members in a variety of traumatic situations

EXPERT NOT RETAINED

- Performed medical procedures (EKG procedures, venipuncture, cardiac monitoring, taking vital signs, urinalysis, UCG testing, administering medications, assisting in conscious sedation & local procedures and prepping patients for emergency surgical procedures)

2007 to 2009 **Bearwood Plastic Surgery**
*Registered Nurse*

- Provided pre-operative support (pre-anesthetic evaluation, application of a consent form for the procedure, preparation of the anesthesia plan in any type of procedure, insertion of invasive devices for hemodynamic monitoring, administration of drugs for induction and maintenance of anesthesia education, surgical prepping, family and patient education, medication reconciliation, cardiac / pulmonary preoperative clearance)
- Provided intraoperative support (surgical assistance to the surgeon and anesthesiologist, assistance with intubation insertion, scrubbing for surgery, sterile field setup, prepping sutures and special equipment, instrument / supply counts, equipment safety checking)
- Provided post-anesthesia care unit (assistance with anesthesia nerve blocks, extubation management, complex symptom management of the surgical patient, wound care, advanced cardiac and respiratory support)

2006 to 2007 **Anderson Medical Hospital/Anmed Health Medical Center**
*Registered Nurse*

- Trained, performed, and interpreted in-hospital cardiac dysrhythmias and 12-lead EKG electrocardiogram diagnostics
- Treated patients with domestic violence and sexual assault
- Triaged emergency patients based on acuity and critical assessment
- Provided physician assistance with intubations, tracheostomies, chest tubes, and central lines
- Provided complex wound care
- Assisted with trauma coordination and care
- Assisted with massive blood transfusion protocol in trauma
- Provided nursing care within level 2 trauma center
- Collaborated with various ER professionals to ensure effective patient care
- Applied expertise in prompt patient condition assessment on patient arrival at the ER during initial phases of acute illness or trauma
- Monitored ER patients, including alerting physicians or charge nurses to changes in patient status, communicating with patients and their family members in a variety of traumatic situations
- Performed medical procedures (EKG procedures, venipuncture, cardiac monitoring, taking vital signs, urinalysis, UCG testing, administering medications, assisting in conscious sedation and local procedures and prepping patients for emergency surgical procedures)
